Mr. Sachin Gandhi.

Principal Architect,
M/s. Sachin Gandhi & Associates.

Sachin Gandhi & Associates is an architectural firm dealing in architectural, and Interior design projects along with the urban projects. We are Ahmedabad based design organization and our principal practice area covers projects of residential and commercial buildings, institutional and office buildings, entertainment buildings and amusement parks. The firm is proficiently equipped to handle the large scale as well as small scale projects from all the fields. The firm is renowned for designing entertainment complexes like cinema houses, multiplexes, as well as other significant projects.

Sachin Gandhi & Associates operates by a young architect Mr. Sachin Gandhi. After finishing his under graduation in Architecture he has completed his **Masters in Built Environment** from University of Westminster, London There he has acquired good architectural experience by working with well known practice in London.

We have all the computing and printing facilities in house which will save the time and energy. Our staffs are from good educational background, so we can give the professional touch to your design. We are having affiliations with the various bodies which re keeping ourselves up-to-date in terms of the knowledge and market trends.
